How the course works

English for Everyone is designed for people who want to teach themselves the English language. Like all language courses, it covers the core skills: grammar, vocabulary, pronunciation, listening, speaking, reading, and writing. Unlike in other courses, the skills are taught and practiced as visually as possible, using images and graphics to help you understand and remember. The best way to learn is to work through the book in order, making full use of the audio available on the website and app. Turn to the practice book at the end of each unit to reinforce your learning with additional exercises.

Unit number The book is divided into units. The unit number helps you keep track of your progress.

Learning points Every unit begins with a summary of the key learning points.

Hi Matt,

We're in our new house in Littleton and it's great! There are three schools in the town, so that's good for the children. There's also a big swimming pool and Joanne goes there every evening. I work in an office above the supermarket. It's near our house.

There are lots of things to do on the weekend. There isn't a theater, but there are two movie theaters, three restaurants, and a library. There's also a great museum. We go there every weekend because the children love it!

Come and see us soon. It's easy to get here. There isn't an airport or a train station, but there's a bus station.

STANTON REVIEW

Town favorites

What's your favorite time to exercise?

The morning, the afternoon, or the evening? In Stanton, people say it's the morning because there are too many other things to do in the evening. The favorite exercise is yoga: 20 classes take place each week.

Stanton townspeople like food. They eat lots of it: 4,000,000 burgers, 2,000,000 pizzas, and 3,000,000 ice cream cones every year.

And how about sports? In Stanton, there are hundreds of golfers and football players, but the favorite sport is surfing.

People like going out in the evening. Many love movies and the theater, but that's not their favorite night out. It's dinner in a restaurant. Food again. That's not a surprise!

LEVEL 1 BEGINNER

A complete self-study English-language course that combines easy-to-use visual learning with crystal-clear grammar explanations, practice exercises, and free audio.

Visual grammar guides make complex language easy to understand.

Simple exercises help you practise the core English-language skills: writing, reading, speaking, and listening.

Illustrations and graphics give visual context, helping you to remember and use grammar and vocabulary.

Audio examples model real-life English, improving listening skills and speaking fluency.

Bite-sized modules allow you to learn at your own pace.

HOW IT WORKS

There are four graded levels, each consisting of a course and a practice book.

Level 1 Beginner is suitable for anyone just starting to learn English, as well as those with a little English knowledge. The programme is aligned to the CEFR, the international standard for language learning. The table below compares CEFR levels with approximate equivalent exam scores.
